Information

Services

During the Summer Seminars there is limited printing availability. Please make sure to have your posters or anything else you need printed in advance..

There are several restaurants scattered across the town centre for you to choose from. Please see the practical info page for links.

If you need to buy necessities there is a supermarket 300 meters to the south. Open 7am-7.30pm. A pharmacy is located a little further down that road. See the map on the next page.

Wifi

There is free wifi available. Look for the network "LIVEin.SM". Login by email/phone number/Facebook/Google. You will be connected for 4 hours and after that you repeat the process.

Lunch

Lunch will be served on Saturday in the premises. Follow the signs pointing to location.

Social Dinner

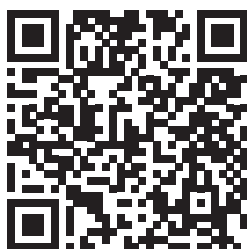

For those who pre-paid the Social Dinner. The restaurant is called *Il Beccafico*. The address is Salita Alla Rocca, 35, 47890 Città di San Marino. The restaurant is situated 550 m to the south. A 10 minute walk from the university (see the town map on next page).

Web info

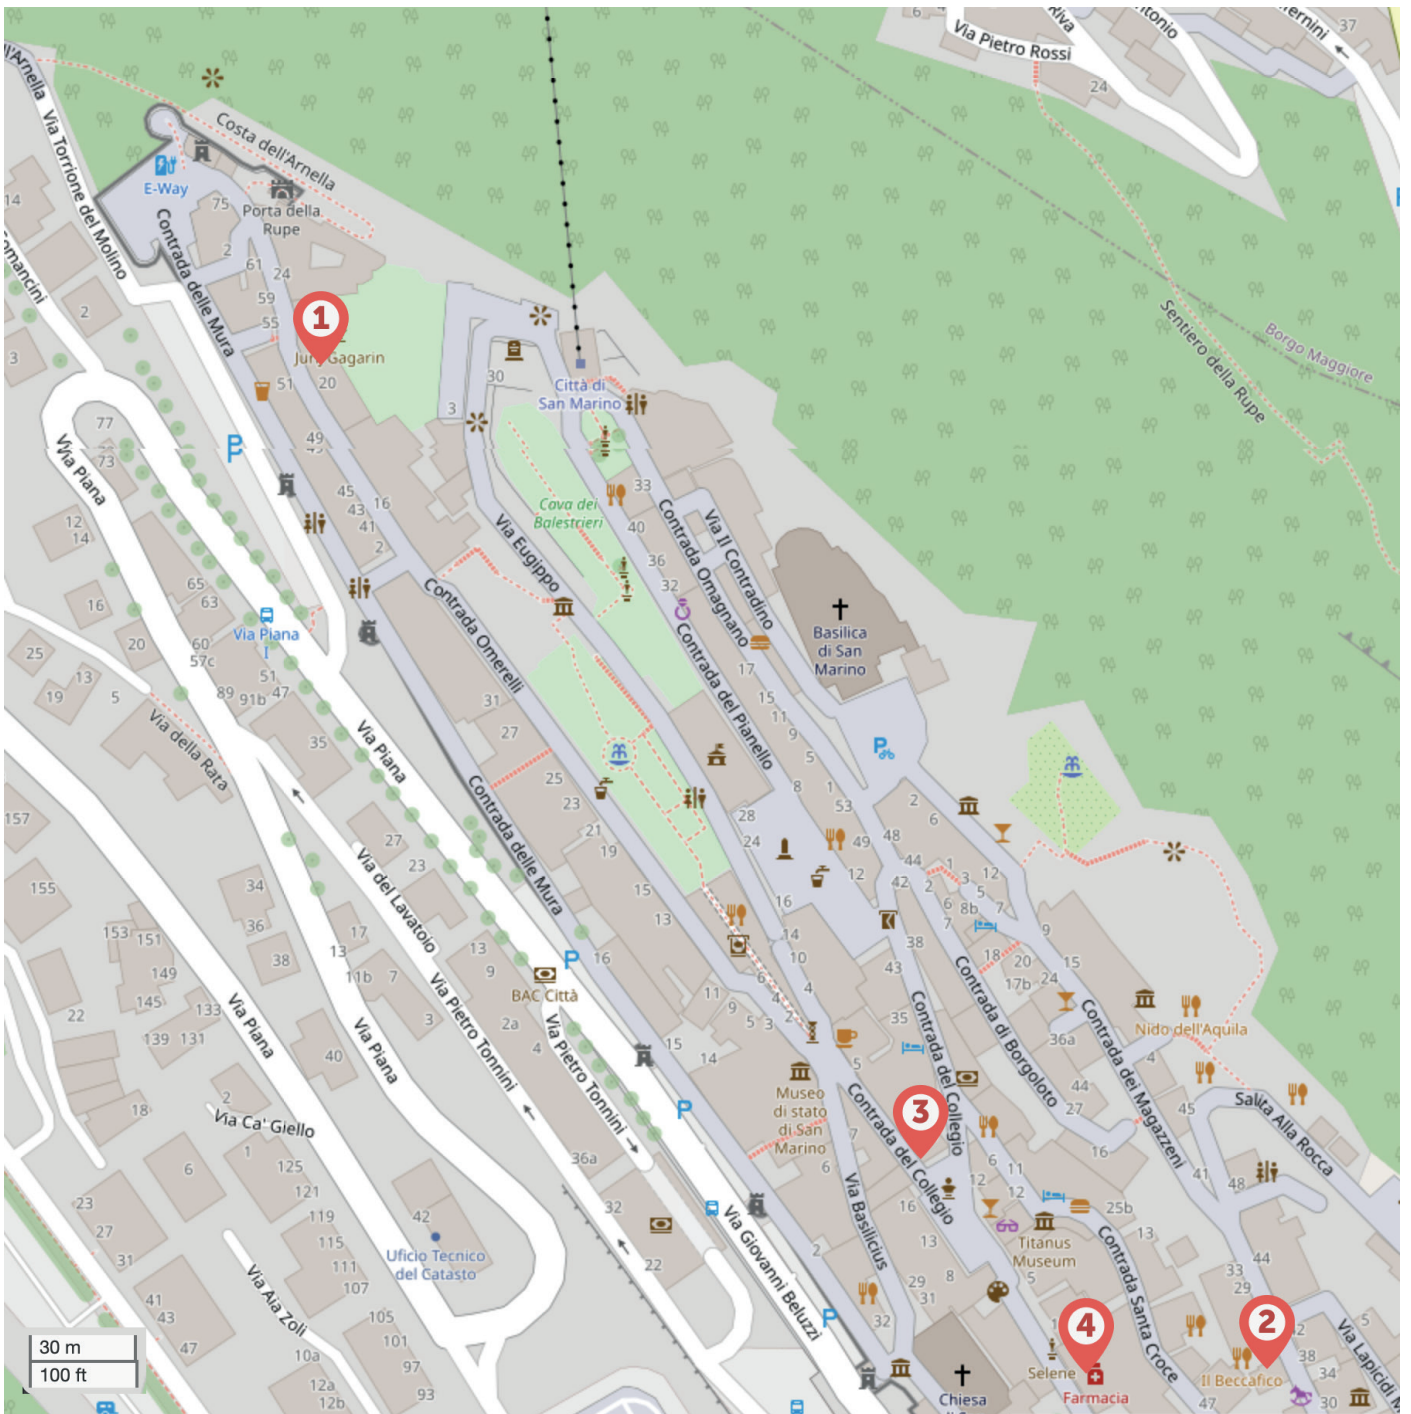

Updated programme and all the abstracts for download can be found at eda-info.eu

Notes

About the EDA seminars

The objectives of the EDA Community Seminars are:

- to provide and exchange information between stakeholders responsible for people with dyslexia, about future strategies
- to raise questions, perspectives and answers for the creation of a dyslexia-friendly Europe
- to formulate common strategies in a kind of policy guidelines
- to raise public awareness about the situation of people with dyslexia

The summer seminars addresses people interested in dyslexia, preferably delegates of European dyslexia associations – (EDA Members).

The 4th EDA Community Summer School was staged successfully from the 6th till 8th of June 2013, in cooperation with the University of San Marino. The EDA-Board then decided to rename this event to "EDA Summer Seminars". 2017 it was renamed to Autumn Seminars in the same spirit. For 2023 the Summer seminars is back.
